# HAMMOND POLICE HISTORICAL COLLECTION

Hammond, Indiana  
October 3, 1965

Dear Friends:

The Hammond Police Historical Collection was founded in 1960 by the Fraternal Order of Police, Hammond Lodge #51, to perpetuate the memory of the many fine law enforcement officers who have served their City since the year of its incorporation in 1884.

In that year, Allison A. Walker was elected City Marshal. A photo of Marshal Walker, his wife and children is shown on one of these pages. Marshal Walker's jail was located at Plummer Street and Morton Court. We are trying very hard to locate a picture of that jail. In addition to his law enforcement duties, Mr. Walker was also the Street Commissioner and received part of his salary in that capacity.

The various photos in this book have been chosen to awaken the recollections of the old timers and to give the youngsters a glimpse of yesterday as seen through the eyes of your Police Department.

Many persons have earned our gratitude for the steady progress of the "Collection". Retired members and the widows of departed brother officers, plus many fellow citizens have dug deep into their memory chests and came up with photographs, like those shown in this book.

Not shown, for lack of space, are the badges, equipment, firearms, parts of uniforms, documents, books, newsclippings and lots more pictures that are slowly but surely adding up to a comprehensive history of the Department.

We are working closely with the Hammond Historical Society, the Lake County Historical Society and the Indiana State Historical Society in order to help each other preserve the history of our area.

You are most cordially invited to join us in this program. Any Hammond Police Officer will be happy to direct your inquiries, comments or donations to the Historian. Careful records are kept. All contributions are documented, with full credit going to the donor. Items on loan are photographed or copied and returned, intact, to the owner.

We hope you will find some enjoyment in this, our 1965 Yearbook. Your kindness has made it possible.

Very sincerely yours,

Delbert L. Purkey, Historian

It should be made of bronze.  
Not just because that's  
our favorite metal . . .  
but because we think that  
the men in blue have earned it —  
for devotion above and beyond  
the call of duty.  
We've benefited from their  
protection since 1911.
